

Kiss That Tree

Kathy Allen

Oh baby, you gotta
Grab those bits now
Yeah
Grab those bits
He's been wanting it so bad

You've gotta
Jump, jump into that tree
Poke, poke, poke that tree
Freckle that tree
Pith that tree
Screw that tree
Plug that borer
- *Oh, she'll be right mate*
Just chuck another shrimp on the barbie

Oh baby, you gotta
Grab those bits now
Yeah
Grab those bits
He's been wanting it so bad

You wanna
Date it
Measure it
Waltz it to the end of...
You've been wanting it for so long
061 061 061 061
and you're left high and dry with
Just another fucking disaster
Unbelievable

Oh baby, you gotta
Grab those bits now
Yeah
Grab those bits
He's been wanting it so bad

You have to
Have to
Love that tree
In stormy weather and fine
Dating
Winding
Measuring
Computing computing computing
Bullshit aggregation index
Efficiency in wood
Functional responses
Autoregressional relationship
BAI
up one

and running wild
on the exchange
along the gradient surface
This ain't about no tree
to talk to
no more
no think
BAI stable
- at midnight
What's your problem? Age?

Oh baby, you gotta
Kiss that tree now
It's been wanting it for so long
Jump, jump into that tree
You gotta kiss that tree now
Gotta kiss that tree
It's been wanting it for so long
